

## **Medical & Biological Tweezers:**

We are glad to introduce a complete range of tweezers to meet your needs: **Dumont Tweezers for precision Work**

The Dumont Tweezers are known all over the world for their high quality, durability and detailed engineering. The tweezers are available in sizes from 90 to 180 mm and in a range of designs to suit your application and preferences. Curved and angled tweezers will enable you to hold the tweezers at 90° or parallel to the job or in restricted spaces. Waffle tweezers are ideal for holding many objects. Negative action tweezers allow the grasping of an object without finger pressure.

- **Straight Tweezers:** **pag. 1/6**
  
- **Curved and Angled Tweezers** **pag. 7/10**
  
- **Negative- Action Style Tweezers:** **pag. 11/13**

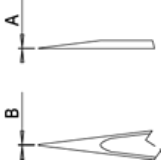

# Medical and Biological Tweezers

## Straight

### Style 0

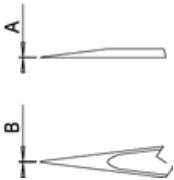

Geneva pattern, thin tips.
